

Non-volatile Dual In-line Memory Module 2017 Global Market Expected to Grow at CAGR 64.49% and Forecast to 2021

The analysts forecast the global non-volatile dual in-line memory module market to grow at a CAGR of 64.49% during the period 2016-2020.

PUNE, INDIA, September 8, 2017
/EINPresswire.com/ --

Global [Non-volatile Dual In-line Memory Module Market](#)

Description

WiseGuyReports.Com adds" Global Non-volatile Dual In-line Memory Module Market 2016-2020 "Research To Its Database.

Many new technologies have emerged in the semiconductor memory market. These technologies include DRAM, negative-AND (NAND) flash, pseudo static RAM, static RAM (SRAM), NOR Flash, erasable programmable read-only memory (EPROM), and electrically erasable programmable read-only memory (EEPROM).

Covered in this report

The report covers the present scenario and the growth prospects of the global non-volatile dual in-line memory module market for 2016-2020. To calculate the market size, the report considers the revenue generated from the retail sales of haircare products to individual consumers and salons.

Get sample Report @ <https://www.wiseguyreports.com/sample-request/758314-global-non-volatile-dual-in-line-memory-module-market-2016-2020>

The market is divided into the following segments based on geography:

- Americas
- APAC

- EMEA

The Global Non-Volatile Dual In-Line Memory Module Market 2016-2020, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors

- AgigA Tech
- Diablo Technologies
- HP
- Micron Technology
- Netlist
- SK Hynix
- SMART Modular Technologies
- Viking Technology

Market driver

- Increased use of NVDIMMs for cloud computing.
- For a full, detailed list, view our report

Market challenge

- Increased use of NVDIMMs for cloud computing.
- For a full, detailed list, view our report

Market trend

- Rapid growth in non-volatile market.
- For a full, detailed list, view our report

Key questions answered in this report

- What will the market size be in 2020 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?
- What are the market opportunities and threats faced by the key vendors?
- What are the strengths and weaknesses of the key vendors?

Table of Contents -Major Key Points

PART 01: Executive summary

- Highlights

PART 02: Scope of the report

- Market overview

PART 03: Market research methodology

- Research methodology
- Economic indicators

PART 04: Introduction

PART 05: DDR3 DRAM versus NAND flash

PART 06: Market overview

- Market size and forecast
- Five forces analysis

=PART 07: Market segmentation by type

- NVDIMM-N
- NVDIMM-F

PART 08: Market segmentation by application

- Market Segmentation of NVDIMMs by Application

PART 09: Geographical segmentation

- Global NVDIMM market by geographical segmentation
- Americas
- EMEA
- APAC

PART 10: Market drivers

PART 11: Market challenges

PART 12: Market Trends

PART 13: Impact of drivers and challenges

PART 14: Competitive landscape

- Competitive scenario
- Vendor landscape
