

Telnyx & 2600Hz Co-Sponsor Channel Partners Evolution

Telnyx and 2600Hz have teamed up to co-sponsor this year's Channel Partners Evolution, which will be held in Austin, Texas from Sept 25-28

CHICAGO, IL, UNITED STATES, September 12, 2017 /EINPresswire.com/ -- Telnyx, a leading [real-time communications provider](#), is pleased to announce that it will be co-sponsoring this year's Channel Partners Evolution with cloud communications platform 2600Hz. The conference will be held at the Austin Convention Center in Austin, Texas from September 25-28. More than 3,700 IT professionals and industry experts are expected to attend the event, aimed at enterprise IT pros charged with digital transformation but saddled with static legacy infrastructures.

"This strategic partnership was bound to happen – Telnyx's industry-leading cloud-agnostic global backbone and numbering resources paired with 2600Hz's award-winning technology, driving industry-leading VoIP platforms across the world, provides an integrated system for a complete end-to-end unified communications platform, customizable to any enterprise needs," said Telnyx COO, Ian Reither. "We want to exhibit just how integrative our platform is, and what better way to do so than with a great partner like 2600Hz and at an event like Channel Partners Evolution," Ian continued.

"We're excited to partner with Telnyx for the upcoming Channel Partners event in Austin," said 2600Hz COO, Patrick Sullivan. "As many people know, with 2600Hz and Telnyx, companies can get an end-to-end solution for their business communication needs. Our state-of-the-art cloud platform Kazoo can handle all the logic and applications while Telnyx handles the transit of the calls. Telnyx, like 2600Hz, believes in pushing the envelope on bleeding edge technology, which will enable a turnkey solution at a fraction of the cost. We strive to continually disrupt the communication space with partners like Telnyx," he added.

As part of the co-sponsorship, Telnyx and 2600Hz will be exhibiting at booth 1522 in the Austin Convention Center. Visitors will be treated to a limited edition custom power bank and the chance to win a brand-new Parrot drone. They will also be hosting an afterparty on Wednesday, September 27 at the famed Cedar Street Austin, with a performance by the Spazmatics. This venue will provide the perfect opportunity for attendees to mingle with fellow channel partners over food and drinks, which will be provided. To join the event, participants can stop by booth 1522 in the expo hall to get their pass.

About 2600Hz

2600Hz's cloud communications platform, KAZOO, modernizes how businesses provide telephony services to their customers. The revolutionary open-source, distributed multi-tenant platform, is a

thoughtfully engineered mixture of tools built by leaders in the telecom industry and implemented to offer a feature-rich enterprise telecom solution. 2600Hz has expanded to offer a full enterprise-PBX as well as a hosted version. For developers building their own telephony apps, 2600Hz offers 100+ APIs that gives them full access to the building blocks of the entire platform.
