*Panama-Based Start-Up Launches Pre-ICO September 18th*

PANAMA CITY, PANAMA, September 11, 2017 /EINPresswire.com/ -- Prime-Ex Perpetual has announced that they have achieved 20,000 Facebook likes in one week as their Pre-[ICO](#) PEX-Token launch approaches. Their Pre-ICO is slated to begin next Monday, September 18th.

“We’re amazed at the incredible goodwill people continue to show us”, reports John Gilbert, CEO and Co-Founder of Prime-Ex Perpetual. “Our planning targets positioned us for 1,000 Facebook likes a week away from the Pre-ICO. Some days it seems like everyone that runs across our project signs up or likes our page, wanting more information.”

The Prime-Ex Perpetual project will disrupt the real estate industry by re-thinking the way homebuilding, home selling, and home financing are approached. Prime-Ex Perpetual realizes synergistic system and bulk purchase efficiencies that are passed along via dividend distributions to PEX-Token holders. [Blockchain](#) benefits will continue to be developed as PEX-Tokens are accepted as a form of payment within their real estate ecosystem.

Similar in size, the completed Polybius ICO project today has just over 16,000 Facebook likes while current real estate offering Propy has 4,000.

“The ICO market for [cryptocurrency](#) is certainly hot right now”, continued Mr. Gilbert. “There are lots of projects on the coin schedules. We feel we’ve hit the market at the right time, and we like how our project measures up. It’s hard to beat a fixed supply of tokens against an ever-increasing organic demand for our PEX-Tokens that will pay token holders 80% of our company’s profits year after year after year.”

Prime-Ex Perpetual kicks off their Pre-ICO Monday, September 18th at 12:00 p.m. Panama Time. Early birds will receive up to 15% bonus PEX-Tokens the first two days, for as long as their limited supplies last. 750,000 bonus tokens will be given away during the Pre-ICO which runs from September 18th through September 30th, or until the supply of bonus tokens run out.

Prime-Ex Perpetual's formal ICO launches October 16th. PEX-Tokens are pegged at 1 Token : \$1 USD equivalent payable in Bitcoin, Ethereum, or WAVES. 25,000,000 tokens are being sold for a \$25,000,000 USD-equivalent raise.
