Key Queries Resolved

- What would be the capacity addition pace track for solar rooftop capacity till 2022 ?
- What would be the opportunities in terms of savings in T&D losses till 2022 ?
- What are the financing issues for solar rooftops at domestic consumer levels ?
- Which states to top the list in terms of business potential for solar rooftop ?
- What will be the gains for industrial consumers (in USD/INR) till 2022, if go for solar rooftop installations ?
- What will be the gains for domestic consumers (in USD/INR) till 2022, if go for solar rooftop installations ?
- What will be the gains for government building & institutions (in USD/INR) till 2022, if go for solar rooftop installations ?
- What will be the gains for commercial consumers (in USD/INR) till 2022, if go for solar rooftop installations ?
- What would be the replacement opportunity for DG sets through solar rooftop installations till 2022 ?

Key Highlights:

- Assessing the impact on grid stability
- Evaluating replacement opportunity for DG sets through solar rooftop installations

Analysing current tariff and discom connected supply
Identifying gains for commercial consumers for replacement/migration of connection from discoms to self consumption based solar rooftop systems
Tracking policy initiative at state level to promote solar rooftop installations
Identifying initiatives for smart grid & rooftop business segment
Examining disruption for Discom's gains

Table of Contents

Solar Rooftop Market in India: An Overview
Business Case Evaluation of Solar Rooftop Systems in India
Examining Opportunities in Off-grid and de-centralised Solar Rooftop Applications
Evaluating gains for Commercial Consumers: Tariff and Operation based D2I (Data to Information) Model for all major Discoms in India for Rooftop installations
Evaluating gains for Industrial Consumers: Tariff and Operation based D2I (Data to Information) Model for all major Discoms in India for Rooftop installations
Evaluating gains for Large Domestic Consumers: Tariff and Operation based D2I (Data to Information) Model for all major Discoms in India for Rooftop installations
