“Ignite2Disrupt : The World of Digital Connectivity” on November 09-10, 2017, Detroit Marriott at the Renaissance Center, Detroit, Michigan.

FARMINGTON HILLS, MICHIGAN, U.S., September 13, 2017 /EINPresswire.com/ -- The Detroit Chapter of TiE just announced its largest entrepreneurial conference in Michigan. [TiECon Detroit 2017](#) “Ignite2Disrupt : The World of Digital Connectivity” will happen on November 09-10, 2017 at Detroit Marriott at the Renaissance Center, Detroit, Michigan.

Entrepreneurs are the state’s economic drivers and TiECon Detroit always celebrates entrepreneurship. In the recent years the entrepreneurial ecosystem has grown stronger and faster. “With Detroit leading the mobility revolution, [TiE Detroit](#) has been the centre of gravity for entrepreneurship in Michigan. The mega conference TiECon Detroit 2017 aims to create a stronger, more vibrant entrepreneurial community that will help attract the best talent, improve infrastructure and increase access to employment and health care in the city of Detroit”, said Tel Ganesan, TiE Detroit President.

TiECon Detroit 2017 is expected to attract around 1000+ attendees, will showcase the pioneers and bring together bold innovators, venture capitalists, and technology firms from across the globe to help advance entrepreneurship. This year TiECon Detroit will focus on the hottest areas of innovation including Connected Mobility, Digital Health, Youth Entrepreneurship, Women Entrepreneurship, Blockchain, Smart Cities, Augmented and Virtual Reality, IoT, Fintech, and many more.

TiECon Detroit 2017 will provide a unique opportunity to exchange ideas, explore new businesses, discuss emerging technologies, share growth strategies and obtain insight from global business leaders, community leaders and worldwide experts. The conference will also host “TiE20”, which will showcase the most promising 20 start-up companies across TiECon Detroit’s five focus segments: Health & Fitness, Mobility, Fintech & Blockchain, Artificial Intelligence/Augmented Reality/Virtual

Reality, and Sensors.
