

TouchStar Ties Android-Based Solutions to Midcontinent Plays

TouchStar will be attending the DUG Midcontinent conference in Oklahoma City, Oklahoma, USA. The three-day event takes place September 19-21, 2017.

TULSA, OKLAHOMA, UNITED STATES, September 13, 2017 /EINPresswire.com/ -- TouchStar, a multinational provider of logistics and mobility software solutions, announced that it will be attending the DUG Midcontinent conference in Oklahoma City, Oklahoma, USA. The three-day event takes place September 19-21, 2017.

TouchStar Sales Manager, David Fredericks, and Sales Executive, Robert Strohl, will be representing the company in booth #423 at the Cox Convention Center in Oklahoma City. Fredericks and Strohl will be providing hands-on demonstrations of TouchStar's [WellSite](#) mobility app, an Android-based app that is particularly suited to the work of crude haulers, water haulers, and well site service companies. The two will also be presenting [TS HyperDocs](#), TouchStar's enterprise Business Intelligence solution that reduces paper use by digitizing transactions, documents, and signatures from TouchStar's integrated applications. DUG Midcontinent attendees can also view TouchStar's cloud-based fleet management dispatch app, [TS FleetWatch](#), as well as

“

TouchStar is a natural partner to unconventional E&P operators. Our modern, scalable solutions serve to facilitate the specific well site needs of this unique industry segment.”

Peter Gibbs, TouchStar CEO

“We know that producers in the unconventional arena are emphasizing efficiency during this somewhat turbulent market recovery,” said TouchStar Sales Manager, David Fredericks. “Every TouchStar product is specifically designed to execute efficiently, which empowers users to deliver with speed and flexibility, and ultimately, to see tangible, quantifiable, fiscal benefits.”

At DUG Midcontinent, TouchStar hopes to deepen its

TouchStar will be presenting at Booth 423 at DUG Midcontinent in OKC

WellSite is a mobility app that automates & standardizes processes for crude haulers, water haulers, & well site service companies. WellSite seamlessly connects field workers and drivers, real-time, with dispatch, planning, & back office systems.

relationship with the members of the unconventional industry and to provide increased insight into its crude hauling and well site services solutions. Additionally, TouchStar's well site fluid hauling solutions complement Midcontinent's newly-added Water Forum. TouchStar's solutions allow companies to manage fresh water hauling, saltwater pickup and disposal, and flowback services within a single system. At press time, TouchStar's integrations fleet software is utilized by over 500 companies internationally.

TS HyperDocs digitizes all transactions, documents, & signatures from TouchStar's mobility apps, eliminating the need for enterprise-based paper copies.

“TouchStar is a natural partner to unconventional E&P operators,” commented TouchStar CEO, Peter Gibbs. “Our modern, scalable solutions serve to facilitate the specific well site needs of this unique industry segment.”

TouchStar will be sponsoring a square in DUG's Exhibitor BINGO Game taking place at the Midcontinent event. BINGO card-holders can visit TouchStar at Booth #423 to get their BINGO card marked. In doing so, participants enter the running to win a Chapparral 210 Suncoast boat.

Meetings and demonstrations may be arranged with Fredericks and Strohl by contacting TouchStar online at www.touchstargroup.com/contact, via email at sales@touchstargroup.com, or by phone at 918-307-7100.
