Important Note from the Indiana Mesothelioma Victims Center: "About one out of three diagnosed victims of mesothelioma in the United States this year will be a US Navy Veteran. In most instances, the Navy Veteran was exposed to asbestos on a US Navy ship, at a US Navy base, or at a navy shipyard in states such as Virginia, California, Maine, Washington, Hawaii, Connecticut, Pennsylvania, New York, Georgia, or Maryland-not in Indiana.

"If you have been diagnosed with mesothelioma, or this is your family member please call us anytime at 800-714-0303 so at a minimum we can make sure you have the nation's very best mesothelioma lawyers advancing your mesothelioma compensation claim. Please don't shortchange yourself when

it comes to mesothelioma compensation. When we mention shortchanged we are typically talking about hundreds of thousands of dollars.”

The Indiana Mesothelioma Victims Center’s unsurpassed services for diagnosed people with mesothelioma in Indiana is a statewide initiative and available to a diagnosed person with mesothelioma in communities such as Indianapolis, Fort Wayne, Evansville, South Bend, Hammond, or Bloomington.

The Indiana Mesothelioma Victims Center says, “Mesothelioma is caused by exposure to asbestos. High- risk work groups for exposure to asbestos in Indiana include US Navy Veterans, power plant workers, oil refinery workers, steel mill workers, manufacturing, or industrial workers, plumbers, electricians, auto mechanics, machinists, or construction workers. In most instances, the diagnosed person’s exposure to asbestos occurred in the 1950’s, 1960’s, 1970’s, or 1980’s.

“

We are 100% focused on making certain a US Navy Veteran in Indiana who has been diagnosed with mesothelioma gets the best possible compensation, and we are urging them to call us anytime 800-714-0303”

Indiana Mesothelioma Victims Center

For the best possible mesothelioma treatment options in Indiana the Indiana Mesothelioma Victims Center strongly recommends the following health care facility with the offer to help a diagnosed victim, or their family get to the right physicians at this hospital: Purdue University Center for Cancer Research West Lafayette, Indiana:

<https://www.cancerresearch.purdue.edu/>

The average age for a diagnosed victim of mesothelioma is 72 years old. Frequently victims of mesothelioma are-initially misdiagnosed with pneumonia. This year between 2500, and 3000 US citizens will be diagnosed with mesothelioma. Mesothelioma is attributable to exposure to asbestos.

The states indicated with the highest incidence of mesothelioma include Maine, Massachusetts, Connecticut, Maryland, New Jersey, Pennsylvania, Ohio, West Virginia, Virginia, Michigan, Illinois, Minnesota, Louisiana, Washington, and Oregon. Mesothelioma also happens in Indiana as the Center would like to explain anytime. <http://Indiana.MesotheliomaVictimsCenter.Com>
