

Maine Mesothelioma Victims Center Now Urges a Navy Veteran with Mesothelioma in Maine to Call Them for Direct Access to The Nation's Best Lawyers for Better Compensation Results

NEW YORK, NEW YORK, USA, October 24, 2017 /EINPresswire.com/ -- The Maine Mesothelioma Victims Center says, "We are urging a US Navy Veteran or shipyard worker in Maine who has just been diagnosed with mesothelioma or their loved ones to call us anytime at 800-714-0303 for almost instant access to some of the nation's most skilled, experienced and capable mesothelioma attorneys. These extremely qualified fulltime mesothelioma attorneys consistently get the best possible financial compensation for their clients.

"If you are a Navy Veteran who now has mesothelioma because of exposure to asbestos on a navy ship or at a shipyard you will need the nation's top lawyers working on your compensation claim as we would like to discuss anytime.

Mesothelioma compensation claims for a US Navy Veteran can easily be in the hundreds of thousands of dollars or much more."

<http://Maine.MesotheliomaVictimsCenter.Com>

The Maine Mesothelioma Victims Center fears that many Navy Veterans with mesothelioma or their loved ones confuse VA disability payments with a lump sum settlement or settlements for mesothelioma. A VA monthly disability payment for mesothelioma may be around \$1100 per month. A financial compensation settlement that is achieved by the Veteran's mesothelioma attorneys could easily be in the hundreds of thousands of dollars or much more. The variable is how much exposure to asbestos did the Navy Veteran have during their time in the navy or after the navy. After the navy could include a job in a factory, a power plant, a public utility or as a skilled trades worker.

If the Maine Mesothelioma Victims Center had one vital piece of advice for a Navy Veteran, a shipyard worker or anyone in Maine with mesothelioma it would be, "Call us anytime at 800-714-0303 for the

peace of mind in knowing you are talking directly with some of the nation's premier mesothelioma compensation lawyers as opposed to a local car accident lawyer. When it comes to obtaining the best possible mesothelioma compensation the skill and the capabilities of the lawyer you hire matters.”

The Maine Mesothelioma Victims Center would like to emphasize theirs is a statewide initiative available to a diagnosed victim anywhere in Maine including communities such as Bangor, Lewiston, Portland, Brunswick, Saco, Sullivan, Milltown, Bath, or Biddeford.

For the best possible treatment options in Maine the Maine Mesothelioma Victims Center strongly recommends the following health care facility with the offer to help a diagnosed victim, or their family get to the right physicians at this hospital.

* The Maine Medical Cancer Institute: <http://www.mmc.org/cancer-institute>

High-risk work groups for exposure to asbestos in Maine include Veterans of the US Navy, power plant workers, shipyard workers, oil refinery workers, mill workers, factory workers, plumbers, electricians, auto mechanics, machinists, and construction workers. Typically, the exposure to asbestos occurred in the 1950's, 1960's, 1970's, or 1980's.

“

Call us a 800-714-0303 for the peace of mind in knowing you are talking directly with some of the nation's premier mesothelioma compensation lawyers as opposed to a local car accident lawyer”

Maine Mesothelioma Victims Center

According to the CDC the average age for a diagnosed victim of mesothelioma is 72 years old. This year between 2500, and 3000 US citizens will be diagnosed with mesothelioma. Mesothelioma is a rare form of cancer that is attributable to exposure to asbestos.

According to the CDC the states indicated with the highest incidence of mesothelioma include Maine, Massachusetts, Connecticut, Maryland, New Jersey, Pennsylvania, Ohio, West Virginia, Virginia, Michigan, Illinois, Minnesota, Louisiana, Washington, and Oregon.
