

Hydropower in Russian Federation Market 2017- Facilitate Decision-Making Based on Strong Historic and Forecast Data 2030

PUNE, MAHARASHTRA, INDIA,
October 12, 2017 /EINPresswire.com/ --

SUMMARY

WiseGuyReports published new report, titled "Hydropower (Large, Small and Pumped Storage) in Russian Federation, Market Outlook"

"Hydropower (Large, Small and Pumped Storage) in Russian Federation, Market Outlook to 2030, Update 2017 - Capacity, Generation, Levelized Cost of Energy (LCOE), Investment Trends, Regulations and Company Profiles", is the latest report from GlobalData, the industry analysis specialists that offer comprehensive information and understanding of the hydropower market in Russian Federation.

The report provides in depth analysis on global renewable power market and global hydropower market with forecasts up to 2030. The report analyzes the power market scenario in Russian Federation (includes conventional thermal, nuclear, large hydro and renewable energy sources) and provides future outlook with forecasts up to 2030. The research details renewable power market outlook in the country (includes hydro, small hydro, biopower and solar PV) and provides forecasts up to 2030. The report highlights installed capacity and power generation trends from 2006 to 2030 in Russian Federation hydropower market. A detailed coverage of renewable energy policy framework governing the market with specific policies pertaining to hydropower is provided in the report. The research also provides company snapshots of some of the major market participants. The report is built using data and information sourced from proprietary databases, secondary research and in-house analysis by team of industry experts.

Hydropower (Large, Small and Pumped Storage) in Russian Federation

trends and installed capacity split by various renewable power sources. The information is covered for the historical period 2006-2016 (unless specified) and forecast period 2017-2030.

- Renewable power sources include wind (both onshore and offshore), solar photovoltaic (PV), concentrated solar power (CSP), small hydropower (SHP), biomass, biogas and geothermal.
- Detailed overview of the global hydropower market with installed capacity and generation trends, installed capacity split by major hydropower countries in 2016 and key owners information of various regions.
- Power market scenario in Russian Federation and provides detailed market overview, installed capacity and power generation trends by various fuel types (includes thermal conventional, nuclear, large hydro and renewable energy sources) with forecasts up to 2030.

- An overview on Russian Federation renewable power market, highlighting installed capacity trends (2006-2030), generation trends(2006-2030) and installed capacity split by various renewable power sources in 2016.
- Detailed overview of Russian Federation hydropower market with installed capacity and generation trends and major active and upcoming hydro projects.
- Deal analysis of Russian Federation hydropower market. Deals are analyzed on the basis of mergers, acquisitions, partnership, asset finance, debt offering, equity offering, private equity (PE) and venture capitalists (VC).
- Key policies and regulatory framework supporting the development of renewable power sources in general and hydropower in particular.
- Company snapshots of some of the major market participants in the country.

Key points to buy

- The report will enhance your decision making capability in a more rapid and time sensitive manner.
- Identify key growth and investment opportunities in Russian Federation hydropower market.
- Facilitate decision-making based on strong historic and forecast data for hydropower market.
- Position yourself to gain the maximum advantage of the industry's growth potential.
- Develop strategies based on the latest regulatory events.
- Identify key partners and business development avenues.
- Understand and respond to your competitors' business structure, strategy and prospects.

Table of Contents

1	Table of Contents
2	Executive Summary
3	Introduction
4	Renewable Power Market, Global
5	Hydropower Market, Global
6	Power Market, Russian Federation
7	Renewable Power Market, Russian Federation
8	Hydropower Market, Russian Federation
9	Power Market, Regulatory Scenario, Russian Federation
10	Hydropower Market, Russian Federation, Company Profiles
11	Appendix
