## Global [Green Technology Market](#)

### Description

WiseGuyReports.Com adds" Global Green Technology Market in Construction Industry 2017-2021 "Research To Its Database.

Green technology is a concept that promotes the creation and adoption of new technologies and innovations, which can minimize depletion and disturbance of natural resources. As a result, adoption of this technology across industries is driven by a standard set of goals. These goals mostly focus on creating sustainable technology solutions that significantly reduces the damage caused to the environment. With this objective, there is also a strong focus to invent products that can be reused for energy creation and consumption. Consequently, this technology helps industries in playing a vital role in contributing to a cleaner environment. This in turn, will help countries address challenges related to pollution, climate change, and resource depletion.

### Covered in this report

The report covers the present scenario and the growth prospects of the global green technology market in construction industry for 2017-2021. To calculate the market size, the report considers the sales of green technology solutions sold for the construction market.

Get sample Report @ <https://www.wiseguyreports.com/sample-request/1408382-global-green-technology-market-in-construction-industry-2017-2021>

The market is divided into the following segments based on geography:

- Americas
- APAC
- EMEA

The Global Green Technology Market in Construction Industry 2017-2021, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

#### Key vendors

- GE
- Siemens
- aleo
- Spruce Finance

#### Other prominent vendors

- Vivint Solar, Inc.
- Trina Solar Limited
- Eco-\$mart, Inc.
- Aqualogic Inc.
- ALAN Manufacturing Inc.
- Trane Inc.
- JA Solar Holdings
- Solar Spectrum
- RUUD

#### Market driver

- Better maintenance of HVAC systems
- For a full, detailed list, view our report

#### Market challenge

- Lack of awareness
- For a full, detailed list, view our report

#### Market trend

- Product localization
- For a full, detailed list, view our report

#### Key questions answered in this report

- What will the market size be in 2021 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?
- What are the market opportunities and threats faced by the key vendors?
- What are the strengths and weaknesses of the key vendors?

## Table of Contents -Major Key Points

PART 01: Executive summary

PART 02: Scope of the report

PART 03: Research Methodology

PART 04: Market overview

- Five forces analysis

PART 05: Market segment by end-users

- Global green technology market in construction industry by end-users
- Residential segment
- Non-residential segment

PART 06: Market segmentation by product

- Global green technology market in construction industry by products
- HVAC products
- Water solutions
- Others

PART 07: Geographic segmentation

- Global green technology market in construction industry by geographical segmentation
- EMEA
- Americas
- APAC

PART 08: Key leading countries

- US
- China

PART 09: Decision Framework

PART 10: Drivers and challenges

- Market drivers
- Market challenges

PART 11: Market trends

- Product localization
- Shift to alternative energy sources
- Industry consolidation

PART 12: Vendor landscape

- Competitive Scenario
- Competitive Benchmarking

PART 13: Key vendor analysis

- GE
- Siemens

- aleo
- Spruce Finance

PART 14: Other prominent vendors
