

5 Stocking stuffers for the whole family

Christmas is weeks away, What do you buy your Sister Mother Father or Brother???

LOS ANGELES, LA, USA, November 14, 2017 /EINPresswire.com/ -- Just in time for Christmas 5 NEW products from Aotearoa Beauty and the Brooklyn Club

For Dad (The [BBQ](#) King) the BBQ GRILL MAT

As bbq gifts go, this is one of the best. The barbecue mat can be used as a gas grill mat, a charcoal grill mat, as well as with pellet and electric grills (just be aware of the 500 degree limit). The non stick grill mats can even be cut to any size and used as oven liners, bbq smoking accessories, stove top protectors, cooking sheets, casserole dishes, and many other non stick applications - even bbq smoker accessories, in fire pits, and other types of outdoor cooking.

For the Son or Brother The Skin Care and Manicure Set

[Blackheads](#) and scruffy overgrown nails are all part of a normal teenagers life. It is important not to squeeze or pop Pimples and Blackheads with your fingers. That can cause pain and infection that can leave the face scared. Instead, experts say to use proper tools to treat blemishes.

For the Sister or Daughter Eyebrows [Tweezers](#)

Eyebrows have been in the spotlight more than ever recently, and for good reason. Well-groomed brows act to frame the eyes and highlight your best features. In fact, strong brows can make you look put-together on a makeup free day.

For The Mum or Wife Kitchen Shears

Kitchen shears are a must in every kitchen whether you're a seasoned cook or tend to eat dinner from the microwave oven

Kitchen shears are perfect for cutting up herbs to include in salads and sauces, on meat and potatoes and anything else that requires chopped herbs. Cutting herbs with kitchen shears also cuts down on mess because you won't need to get out a sharp knife and a cutting board--just snip the herbs directly into a bowl or dish. Snipping herbs with kitchen shears is more precise and helps you keep the size as small or large as you need.

or a tweezers kit

Nearly every woman knows the pain of bad eyebrows. Whether it was the time you over-plucked them in 9th grade, or when you went to your first salon and the lady waxed them unevenly, we all have had that one time when our poor brows had to struggle to get back to normal.
