

## Marilyn Redmond of Angelica's Gifts to be Featured on CUTV News Radio

EDGEWOOD, WASHINGTON, UNITED STATES, November 17, 2017 /EINPresswire.com/ -- Our society has been taught to look outside of ourselves for love and security, but nothing outside yourself can save you or give you peace. When we stop looking outside of ourselves, we find the truth of who we are.

Marilyn Redmond is the founder of Angelica's Gifts, specializing in holistic health, healing, and complementary medicine, including Therapeutic-Hypnotherapy, and Past Life Therapy. Redmond works with her clients on empowerment, self-esteem, relationships, overcoming addictions and other medical problems.

"I have been given the answers to life; it's no longer a mystery. And I like to share the message that all we need to do is direct our energy the right way," says Redmond. "Everybody can do that if they choose to. You don't have to belong to any organization. It's simply a matter of learning what works in your life and how to rearrange it so it works even better."

Redmond's holistic health counseling combines over 50 years in education with more than 30 years of extensive counseling, speaking, research, and personal experience. She is a professional counselor, speaker, teacher, author, consultant, spiritual minister and artist. In fact, there is not an avenue of holistic healing that Redmond has not explored on her journey to helping as many people as she can.

"All of my work comes from my personal experience," says Redmond. "I had to go through all these experiences to show people that it's possible that they too can grow into a healthy, happy life. So many people are in a comfort zone; they don't want to move out of their comfort zone. And they'll stay in denial, even though it's not healthy. I am accessible to anyone who is willing to change."

Redmond says the answers are available to those who are sincerely interested in change.

“The truth is you can do anything you choose to. You can move into that unlimited space beyond where you are now and just keep growing. I’m helping people to empower themselves.”

Marilyn is also the author of nine books, including Road to Success; Paradigm Busters, Reveal the Real You; Roses Have Thorns; and The Real Meaning of 2012: A New Paradigm for Bringing Heaven to Earth. Her most recent book, entitled Finding Reality Beyond Fear, will be published this Christmas.

“Finding Reality Beyond Fear is about moving into a higher consciousness with the tools and experiences to grow beyond a fear based life,” says Marilyn. “We can release the fear for a love-based life of wellbeing. It is my mission to help others to move beyond our present lives of desperation into heaven on earth.”

“I have the ability and training to help others overcome their difficulties and move beyond too. All my spiritual counseling, teaching, writing, speaking and mediumship is about sharing answers that work.”

CUTV News Radio will feature Marilyn Redmond in an interview with Jim Masters on November 21st and November 28th at 1pm EST.
