

Global Substation Automation Market Charged to grow at the CAGR of 5.33% from 2015 to 2019

WiseGuyReports.com adds "global substation automation market for the period 2015-2019" reports to its Database.

PUNE, INDIA, December 4, 2017
/EINPresswire.com/ --

About [substation automation](#)

Substation automation is the upgrade or improvement of existing electrical substations. This includes incorporation of intelligent technologies and equipment, such as relational databases and advanced communication systems, into power grids. Automation of substations help electric utilities monitor and control the T and D processes of substations remotely, thus, ensuring optimization of power distribution.

Technavio's analysts forecast the global substation automation market to grow at a CAGR of 5.33% over the period 2014-2019.

Covered in this report

This report covers the present scenario and the growth prospects of the global substation automation market for the period 2015-2019. To calculate the market size, the report covers the revenue generated from sales of various substation automation products such as monitoring and recording, control and protection, IIDS, and integrated communication equipment.

Technavio's report, Global Substation Automation Market 2015-2019, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers Asia, Europe, and North America. It also presents the vendor landscape and a corresponding detailed analysis of the major vendors in the market. In addition, it discusses the major drivers that influence the growth of the market. It also outlines the challenges faced by vendors and the market at large, as well as the key trends emerging in the market.

Key regions

- Asia
- Europe
- North America

Key vendors

Market driver

- Need for reduction in T and D losses
- For a full, detailed list, view our report

Market challenge

- Capital intensive
- For a full, detailed list, view our report

Market trend

- Increase in mergers and acquisitions
- For a full, detailed list, view our report

Key questions answered in this report

- What will the market size be in 2019 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?

- What are the market opportunities and threats faced by the key vendors?
- What are the strengths and weaknesses of the key vendors?

Table of Contents:

PART 01: Executive summary
Highlights
PART 02: Scope of the report
Market overview
Top-vendor offerings
PART 03: Market research methodology
Research methodology
Economic indicators
PART 04: Introduction
Key market highlights
PART 05: Market landscape
Market size and forecast
Five forces analysis
PART 06: Market segmentation by product
Market size and forecast
Monitoring and recording
Control and protection
IIDS
Integrated communication
PART 07: Geographical segmentation
Segmentation of global substation automation market by geography
Asia
North America
Europe
PART 08: Market drivers
PART 09: Impact of drivers
PART 10: Market challenges
PART 11: Impact of drivers and challenges
PART 12: Market trends
PART 13: Vendor landscape
Competitive landscape
Other prominent vendors
PART 14: Key vendor analysis
ABB
GE Energy Management
Schneider Electric
