

Gov. Cuomo's Mental Health Agencies Rampant with Sexual Assaults, Rapes & Cover-Ups

Gov. Cuomo and Cardinal Dolan have failed to lead and implement critical safety and abuse prevention measures to prevent thousands of sexual assaults and rapes

ALBANY, NEW YORK, UNITED STATES, December 6, 2017 /EINPresswire.com/ -- It does not bring me great pleasure to bring this "shit or crap" to light nor do I usually use these terms when I speak or write, but there is no other way to clearly explain what is going on behind closed doors within [Governor](#) Andrew Cuomo's mental health agencies.

Michael Carey, the founder of the Jonathan Carey Foundation, has been exposing this evil, the gross negligence, the gross incompetence, these horrific and staggering numbers of sexual assaults and rape crimes against our most vulnerable citizens with disabilities, the Medicaid fraud, the corruption, the cover-ups, some of the people involved, and the reasons why these atrocities continue for over ten years. In the last 16 months alone the Jonathan Carey Foundation has put out 157 press releases. Today is the 36th day in a row and for last 6 days in a row Michael Carey has been forced to expose the connection between Governor Andrew Cuomo and [Cardinal Timothy Dolan](#) and why these crimes and cover-ups continue all of the time. The primary reason, tragically, is because both Governor Cuomo and Cardinal Dolan look the other way and refuse to listen, refuse to lead and refuse to take numerous vital emergency actions to protect people with disabilities. It is a travesty and a shameful disgrace that all of these horrors continue to date in 2017, when most of it could have been stopped long ago. Just like most of the pedophile Catholic priests could have been stopped, but instead they were shuffled by Catholic Church leaders from parish to parish to sexually victimize and rape other innocent children. I urge you to watch this less than 3

“

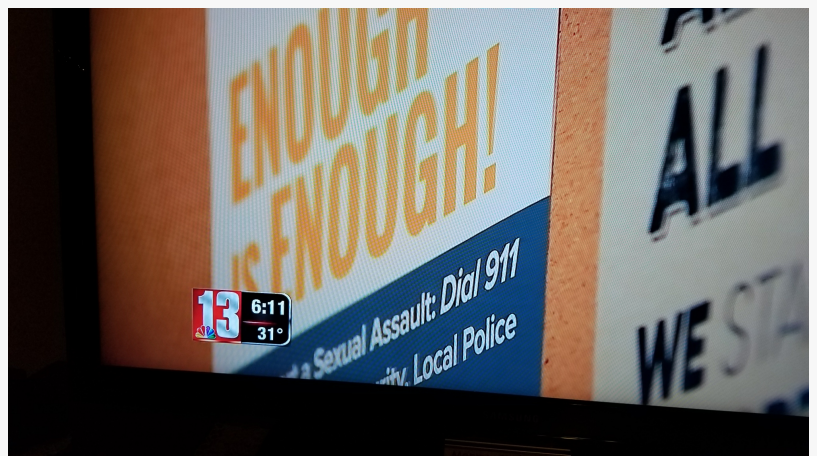

New York State's mental health care system is a modern day Sodom and Gomorrah, where sexual predators, pedophiles and rapists run wild and are rarely punished or prosecuted.”

Michael Carey - Advocate for people with disabilities and their families

minute video, it will profoundly impact you. You must understand that what was exposed in the Catholic Church is almost identical in the New York State mental health care system.

<https://www.youtube.com/watch?v=56jw6tasomc>

You must also understand that the same game plan or scheme to jockey around pedophile priests

Gov. Cuomo and Cardinal Dolan have ensured that most rapes and sexual assaults, which are horrific crimes, against the disabled occurring in residential facilities and group homes are never reported to 911

from parish to parish to protect the institution and not the victims of the [pedophiles](#) is going on literally all of the time within New York State's mental health care system. Instead of Catholic priests and people you are supposed to trust raping vulnerable children it is un-vetted, un-trained and un-supervised direct caregivers that are pedophiles, sexual predators and rapists.

Some symbolism's will be used so that you can easily understand the players and how such levels of atrocities can continue, but first, you must understand the scope of sexual assaults and rapes occurring. One glimpse into just one of six of New York State's mental health agencies, made up of both State and private facilities and group homes, called the Office of People with Developmental Disabilities (OPWDD) 1,300 reported sexual assaults on average every year. As if this number was not bad enough, it is only the tip of the iceberg; according to this well known and respected study called "Prevalence of Violence" which states that only 3% of these sexual assaults will ever be reported. So to get a clearer, closer and more accurate number, multiply the 1,300 times 33 and the real numbers are close to 43,000 sexual assaults or rapes, every year

<http://www.mass.gov/dppc/abuse-recognize/prevalence-of-violence.html>.

There is an epidemic and culture of sexual abuse, rape and cover-ups within Governor Cuomo's OPWDD system and remember there are 5 other mental health agencies as well. Now to the symbolisms that represent the players involved in this corruption; the top dog or big dog allowing all of this and protecting it from the inside is Governor Andrew Cuomo. The top dog from the outside is Cardinal Timothy Dolan. The pedophiles, sexual predators and rapists posing as caregivers or wolves in sheep's clothing are the little dogs and their sick crimes that are being protected by the top dogs. Hopefully, you fully grasp and get the picture and the meaning behind what is being spoken. Obviously, if the top dogs, Governor Cuomo and Cardinal Dolan, simply did their jobs and did not protect most of the pedophiles, sexual predators and rapists, but instead the victims and simply moved to stop and prevent the rampant sexual abuse, the system would have been changed years ago. The horrors, the severe damages, the trauma, the pain, the maltreatment, the violation of one's very soul, these atrocities, the undue suffering have only continued because of the gross negligence and blatant disregard for the safety, health, rights and lives of 1,000,000 New Yorkers with disabilities by both Governor Andrew Cuomo and Cardinal Timothy Dolan.

Cardinal Dolan knows of these facts and he has chosen to continue to be silent and complicit which is believed to protect and shield Governor Cuomo and very large amounts of money

<https://www.governor.ny.gov/news/governor-cuomo-announces-timothy-cardinal-dolan-week-new-york-state> - <http://www.cny.org/stories/Cardinal-to-Head-Governors-Interfaith-Advisory-Council,14987>

Both Governor Cuomo and Cardinal Dolan have grossly failed in their responsibilities to ensure the protection of countless lives, they must be removed from being able to continue to protect sexual predators that prey on the vulnerable. Here are some examples of how much money could be lost if Cuomo's scheme is fully exposed and sexual assault victims alone were compensated, this does not include the thousands of wrongful deaths.

I challenge anyone that thinks otherwise to simply Google, the Jonathan Carey Foundation, Governor

Cuomo and sexual abuse, the New York State Justice Center and corruption, the Catholic Church and sexual abuse scandals, The New York Times "Abused and Used" award winning investigative reporting series, BuzzFeed News on the Justice Center and the AP News reporting on the Justice Center and read what has already come to light.

New York State's mental health care system is a modern day Sodom and Gomorrah, where sexual predators, pedophiles and rapists run wild and are rarely punished or prosecuted. The prosecution rate per New York State numbers for the general public when a crime is reported is between 60-70%. The prosecution rate for crimes reported against the disabled is a fraction of 1% in New York State, revealing a culture of wide-scale discrimination and criminal cover-ups.

New York State documents obtained through Freedom of Information Law (FOIL) by Michael Carey, dating back to 2005, reveal that the New York State's system has a culture of sexual abuse, rape and cover-ups. Thousands of reported sex crimes committed against the disabled are never reported to local police or District Attorney's and are disappearing within the system that former Attorney General Cuomo and now Governor Cuomo has protected with a vengeance for over a decade. It is critical you read this timeline to understand the knowledge and scope of Governor Cuomo's involvement. <http://www.einpresswire.com/article/414428414/cuomo-has-been-protecting-sexual-predators-for-over-a-decade?n=2>

New York State and the Catholic Church are working together to cover-up and conceal another institutional sex scandal of epic proportion similar to what the Boston Globe, Spotlight investigative reporters uncovered. <https://www.youtube.com/watch?v=56jw6tasomc>

Follow the money and connect the dots, the two most powerful leaders in New York State, Governor Andrew Cuomo and Cardinal Timothy Dolan are protecting sexual predators, pedophiles and rapists that violate vulnerable people with disabilities. Billions of dollars are at stake along with massive public shame and many people losing their jobs, the church and State's conclusion-cover it up.

It is not just the Jonathan Carey Foundation or Michael Carey shouting these sexual atrocities and criminal cover-ups from the rooftops, but even a pedophile that got away with his crimes for years. Remember these words spoken from this convicted pedophile of Governor Cuomo's mental health care system calling it "a predators dream."

The pedophile and former New York State employed caregiver that was eventually caught in a federal porn sting, called New York's system controlled by Governor Andrew Cuomo "a predator's dream"

<https://www.usatoday.com/story/news/crime/2017/02/20/predators-dream-ny-pays-3m-family-molested-boy/98154714/>

Here is the direct quote from this AP News story written by David Klepper;

"New York State is paying \$3 million to the family of developmentally disabled boy repeatedly molested by a staffer at a state-run group home who later wrote that lax supervision at the facility made it "a predator's dream."

Governor Cuomo has tried to portray that he has taken actions to protect the disabled since the award winning New York Times "Abused and Used" investigative reporting series

<http://www.nytimes.com/interactive/nyregion/abused-and-used-series-page.html> which Michael Carey convinced the Times to do, but nothing could be further from the truth. Governor Cuomo took no decisive actions to stop or prevent the rampant sexual abuse, rapes or cover-ups.

Governor Cuomo has ignored all of Michael Carey's calls for actions to stop these crimes and even the New York Times Editorial Boards call for repentance. Over four years ago, the New York Times Editorial Board blasted Cuomo for his gross negligence and doing nothing to stop these horrors as documented. <http://www.nytimes.com/2013/08/10/opinion/protecting-the-most-vulnerable.html>;

"Two-and-a-half years ago, The Times reported horrifying abuse of people with developmental disabilities or mental illnesses by state employees, who were rarely punished for it. Gov. Andrew Cuomo promised action. But too little appears to have changed."

"There is much the governor could do. He could require surveillance cameras in these facilities, just as prisons have them. He could make sure that the police get more involved."

There are cameras everywhere literally to guard and protect store items and politicians, but no cameras to protect our most vulnerable disabled from being raped? Governor Cuomo has ensured that there are no cameras to deter these crimes or to catch and prosecute the pedophiles, sexual predators and rapists of people with disabilities in his agencies. Michael Carey met with Governor Cuomo for an extensive meeting on May 7, 2012 in which Michael Carey insisted on cameras and immediate 911 reporting, Governor Cuomo blew of both vital reforms critical to ensure the protection and rights of 1,000,000 New Yorkers with disabilities, even to go as far as saying that he wanted cameras, but the unions didn't want them.

Here are just some of the reasons why New York State's system still remains rampant with sexual abuse and rapes and likened to an animal house under Governor Andrew Cuomo;

- Incompetent and completely insufficient background checks that allow sexual predators, pedophiles and rapists, even those with known histories to be easily hired
- Purposeful under-staffing of direct care workers and supervisors, especially on evening and night shifts when most of these heinous sex crimes occur
- The absence of surveillance cameras in all facilities, group homes and transport vehicles to deter these crimes from happening and to catch these sexual predators
- Untrained and improperly vetted male direct caregivers allowed to bath women and little children alone
- Untrained and improperly vetted male direct caregivers allowed to transport women and little children alone in vans with darkened windows with no surveillance cameras
- Untrained and improperly vetted male direct caregivers allowed to do female personal hygiene, Peri-care, on women and young girls alone
- Incompetent management personnel that are grossly over-paid that are willing to do anything to keep their lucrative jobs. Most management staff compromise their own conscience and commit even greater crimes to protect themselves from losing their job and in doing so protect dangerous sexual predators and rapists of vulnerable people under their care
- Hundreds of thousands of State and private caregivers are trained to report sex crimes internal to

Governor Cuomo's abuse hotline for the disabled; instead of to report these crimes to 911 so local police and emergency medical personnel cannot respond. These practices are without question – discrimination in civil rights per Section 11 of the NYS Constitution under Article 1 of the Bill of Rights. Also, the 14th Amendment of the US Constitution is being regularly violated by denying upwards of 1,000,000 New Yorkers with disabilities equal protection of laws when they are victims of sex crimes. Keeping most of these sex crimes from local police, from proper criminal investigations and from County elected District Attorney's is not only unconstitutional, but illegal- it is Obstruction of Justice.

- Keeping evidence of sex crimes from local authorities and falsifying internal reports at Cuomo's abuse hotline wrongfully titled the Justice Center and within all mental health agencies.
- By protecting most sexual predators internally, they are not being placed on the sexual abuse registry. These despicable actions obviously also grossly endanger children in the general public and possibly in your community.

Most sex crimes, as well as many other crimes and deaths, are easily covered-up internally because they are being directed to be called to Governor Cuomo's internal abuse hotline, instead of to 911, where they must go. No longer can 911 call systems, local police, county elected District Attorney's and local courts be bypassed. 911 call systems must be immediately called by all mandated reporters regarding all sexual assaults and rapes, as well as obviously all other assault crimes, medical emergencies and deaths. Currently, under Governor Cuomo's directive, almost all sex assault and rapes of people with disabilities which are obviously crimes disappear internally, they are covered-up. This evil and these gross injustices must be stopped and the people involved in the greater crimes and criminal conspiracy to protecting sexual predators, pedophiles and rapists must be held fully accountable.
