

Gov. Cuomo Caught: Sexual Predator's are Protected from Prosecution as Rape Victims are Denied Equal Rights

Gov. Andrew Cuomo is caught in his own web of lies and deception, he is protecting sexual predators and pedophiles, instead of women and children rape victims

ALBANY, NEW YORK, UNITED STATES, December 29, 2017 /EINPresswire.com/ -- Thousands of sexual assaults and rapes of women and children with disabilities within [Governor Andrew Cuomo](#)'s mental health agencies have been reported in the last four and a half years to Cuomo's internal abuse hotline, instead of to 911 emergency call centers. Almost all of these sexual assault and rape crimes have disappeared internally and have been covered-up.

For over ten years, first Attorney General Cuomo and now Governor Andrew

Cuomo have protected countless sexual predators, pedophiles and rapists within State run and private mental health facilities and group homes from being fired and prosecuted. This timeline proves Governor Andrew Cuomo's direct involvement for over a decade.

Governor Andrew Cuomo has been protecting and shielding countless sexual predators and pedophiles within the New York State Mental Health Care system from prosecution for over a decade, he must be removed and prosecuted for numerous State and federal crimes

“

Governor Andrew Cuomo is protecting sexual predator and pedophile caregivers, just like Cardinal Bernard Law was doing with Catholic priests.”

The sexual assaults, rapes and cover-ups within New York State's mental health care system that have come to light is no different than what was exposed through the Catholic Church pedophile priest sex scandal that rocked the Catholic Church in 2002.

The [Spotlight](#) investigative reporting team for the Boston Globe exposed that [Cardinal Bernard Law](#), who just died, was protecting sexual predator and pedophile Catholic priests and moving them from parish to parish. Governor Andrew Cuomo is doing the exact same thing within his mental health agencies with sexual predator and pedophile caregivers. The sexual abuse and rapes are rampant and Governor Cuomo, like Cardinal Law, is attempting to protect himself and his institution instead of vulnerable women and children with disabilities. It doesn't get any sicker than this; protecting sexual predators and allowing them to continue to rape disabled women and children is the worst type of evil imaginable. It is unconscionable to protect sexually deviant people from arrest and criminal prosecution that rape vulnerable people with disabilities, but this is what Governor Andrew Cuomo is doing on a regular basis.

Vast amounts of information obtained over the course of many years' by the Jonathan Carey Foundation, which advocates for vulnerable children and the disabled, points to wide-scale systemic institutional failures in New York State. The simple fact is, when you do not have major safety and abuse prevention measures in place, as well as immediate and direct reporting to 911 emergency call centers, vulnerable people get raped and the police are kept out of the picture. New York State mental health agencies can practically cover-up anything internally and that is exactly what they have been doing for decades. Without dealing with the deep civil rights and discrimination issues surrounding people with disabilities, which are the underlying root causes, these crimes will continue. Without removing top people involved, in this case Governor Andrew Cuomo and some of his top staff, sexual predators and pedophiles will continue to rape our most vulnerable and these horrific cover-up atrocities will also continue.

Governor Andrew Cuomo is protecting sexual predator and pedophile caregivers, just like Cardinal Bernard Law was doing with Catholic priests. Cardinal Bernard Law got away with his crimes for years because no one within the Catholic Church held him accountable. Governor Cuomo has been able to get away with many State and federal crimes to date because other State agencies and people afraid of him have protected him, but it is believed that is going to change shortly. The level and scope of sex crimes committed and cover-ups of almost all of them are surfacing now and federal authorities have been asked to intervene. This evil in the midst of the New York State's Mental Health Care system continues today and it must be stopped by federal authorities because these atrocities are similar to war crimes. No longer can the sexual predators and pedophiles and the worst criminals, the government leaders that are protecting and shielding these sexual predators and pedophiles, escape justice.

This is what is going on in New York State right now. New York State officials are looking the other way as thousands of women and children with disabilities are being raped in institutions and group homes. According to New York State documents obtained through Freedom of Information Law (FOIL) there have been 6,384 reported sexual assaults in less than 5 years within only one of the six New York State mental health agencies -OPWDD. These astronomical numbers of sexual assaults of children and adults with developmental disabilities in both State run and privately operated facilities and group homes are only a drop in the bucket of what is really happening behind these closed doors.

To get a real picture of the massive scope and magnitude of this sex cover-up scandal you must understand first that almost all of the reported sexual assaults and rapes disappear internally; they are covered-up by the directive of Governor Andrew Cuomo. According to a well known study and report posted on the State of Massachusetts website titled, "Prevalence of Violence" only 3% of these sex crimes committed against the developmentally disabled will ever be reported.

Google the New York State Justice Center, Governor Cuomo, Abuse and neglect, deaths reported to a dormant email address, as well as all Associated Press and BuzzFeed News investigative news pieces on the Justice Center to see what has been publicly exposed to date.

The Oscar award winning movie "Spotlight" visually brought to light the most scandalous sex cover-up scheme that mirrors Governor Andrew Cuomo's New York States sex cover-up scandal surrounding the disabled. The New York State mental health care system and scandalous sex cover-up scheme is believed to be much larger in scope, than the worldwide pedophile priest cover-up scandal.

Most sex crimes, as well as many other crimes and deaths, are easily covered-up internally because they are being directed to be called to Governor Cuomo's internal abuse hotline, instead of to 911 where they must go. No longer can 911 call systems, local police and local courts be bypassed. 911 call systems must be immediately called by all mandated reporters regarding all sexual assaults and rapes, as well as obviously all other assault crimes, medical emergencies and deaths. Currently, under Governor Cuomo's directive, almost all sex assault and rapes of people with disabilities which are obviously crimes disappear internally, they are covered-up. This evil and these gross injustices must be stopped and the people involved in the greater crimes and criminal conspiracy to protecting sexual predators, pedophiles and rapists must be held fully accountable.
