

Brightleaf CEO Samir Bhatia Among 10 Best CEOs by Technology Magazine - Industry Era

For being a proactive, result-oriented soothsayer

BROOKLINE, MASSACHUSETTS, UNITED STATES, January 3, 2018 /EINPresswire.com/ -- Brookline, MA – Brightleaf Solutions, Inc., a company that provides technology powered services to overcome the challenge of mining important data from unstructured documents, is delightedly announced that it's CEO Samir Bhatia has been recognized among 10 best CEOs by Industry Era, a prestigious technology publication.

By developing an extraction engine using the latest Natural Language Processing, Artificial Intelligence and Machine Learning capabilities, Brightleaf's software has automated much of the task to extract data points from contracts. When coupled with its own team of lawyers, encompassed in a Six-Sigma process, Brightleaf delivers highly accurate extraction results to their clients, a must when they are dealing with mission-critical business information.

“

Samir's passion to provide an end to end solution with the help of effective technology, highly-trained people, and a stringent process coupled with his ability to foresee the obstacles...”

Sarah Fernandez, Managing Editor of Industry Era

“Samir's passion to provide an end to end solution with the help of effective technology, highly-trained people, and a stringent process coupled with his ability to foresee the obstacles and think of a resolution well in advance, made Samir a strong contestant. We congratulate Samir and Brightleaf team for their successful endeavor” said Sarah Fernandez, Managing Editor of Industry Era. ABOUT BRIGHTLEAF SOLUTIONS, INC.

Brightleaf provides a technology powered service to extract information from your contracts using our own proprietary semantic intelligence/natural language processing technology, our own team of lawyers to check the output, and our own Six-Sigma process to deliver end-to-end, highly accurate, extracted data from your contracts.

The data can be virtually anything, and it is customized for each of your type of contracts. All meta-data, terms and conditions, legal provisions, and even all obligations (which are usually scattered throughout your contracts) are extracted by our software. This extracted data is checked by our team of lawyers, and provided in a format for easy upload into any system, such as a Contract Lifecycle Management System (CLM), for tracking and reporting (download Strategy Brief).

This allows you to leverage the knowledge in your existing contracts, report on the extracted data, even recover hidden revenue (e.g. by policing penalty clauses in your supplier agreements) and comply with current and upcoming regulations.
