Budget Home Supply has the largest stock of composite decks in Northern Colorado ready to help customers transform their yards. The 1,000 square foot outdoor deck display showcases many of the 50 different finish options available. The display also allows customers to see the composite deck finishes paired with railings and lights, highlighting how everything will look together when installed in their own yard.

Outdoor kitchens have become increasingly popular over the last several years. They allow customers to enjoy their decks to the fullest, preparing and sharing meals right on their deck. Budget Home Supply is partnered with Bull Outdoor Products to provide the best outdoor tools, which are on display at the showroom, including bar tops, water features, and sitting areas.

For those looking for simpler outdoor décor, Budget Home Supply can also aid in adding three-season porches or small decks onto homes, or even just fencing in and landscaping an existing area. Whether planting a garden, adding gorgeous rocks around a tree, or just trying to get your grass to grow, Budget Home Supply can help you get your yard and home ready for the arrival of Spring.
