

MIRACLE FRUIT OIL COMPANY LAUNCHES WORLD'S FIRST HAIR OIL CLINICALLY PROVEN TO PREVENT & REVERSE HAIR DAMAGE & BREAKAGE

Clinically Proven & Patented Hair Oil Promotes Healthy & Strong Hair will be featured at the 2018 American Academy of Dermatology Meeting this week in San Diego

MIAMI, FLORIDA, UNITED STATES, February 14, 2018 /EINPresswire.com/ -- The Miracle Fruit Oil Company is excited to announce their launch of its Miracle Fruit Seed Oil® Hair Treatment at the American Academy of Dermatology Annual Meeting this week in San Diego. Miracle Fruit Seed Oil® is the world's first and foremost leading hair oil treatment aimed to promote healthy, strong, and beautiful hair of all types. It is the only hair oil treatment that contains the rare and exotic Miracle Fruit (*Synsepalum dulcificum*) Seed Oil, derived from the seed of the taste-changing Miracle Fruit berry.

The clinically proven treatment contains the never-before-used lightweight oil that nourishes hair from the root to tip, ultimately repairing split ends and reducing hair loss due to breakage. The

oil is produced using a state-of-the-art supercritical extraction machine that conserves the quality of the natural oil, resulting in an oil unchanged from its natural state. The product protects hair from our daily grooming practices and the outside harsh elements such as UV rays, pollution, and poor water quality resulting in healthier, more lustrous hair.

"In the clinical study that I performed, users of the Miracle Fruit Seed Oil® hair treatment had three times stronger hair and reversed their damaged hair and breakage as shown by the 200 percent increase in their healthy hair index," said Roberta Del Campo, MD, a board-certified dermatologist and an authority on hair. "This innovative treatment is the most powerful and most effective for restoring healthy hair and preventing breakage."

Presented in a chic, glamorous jeweled bottle, audiences have been glowing with admiration for the cutting-edge Health and Wellness Company. Customers can purchase it on the official page, physician offices, luxury salons, and spas.

"It's impossible to create beautiful hair without the integrity of the hair being beautiful and Miracle Fruit Seed Oil® Hair Treatment restores the hair to its naturally beautiful state," said Eric Mokotoff, a nationally recognized hair color educator, Hair Studio Artists Salon.
