The company will file for a name change to OrgHarvest. OrgHarvest will cultivate high-quality Cannabis and Cannabis plants. The company's goal is to provide high-quality

Cannabis to retail Marijuana stores, manufacturing and other cultivation facilities in Las Vegas, Reno, and the surrounding areas.

The company will distribute Cannabis through wholesale transactions to qualified Marijuana Establishments. The company will

operate under stringent quality control processes with all of the Marijuana products to be distributed only after passing all state-required inspections by independent third-party testing facilities and internal inspections, before being provided to the end users.

The company will seek to obtain a license to operate a Cultivation and Production facility from a private company in the

The state of Nevada.

OrgHarvest will not only strive to provide high-quality Cannabis but produce it in the most sustainable manner. We are poised to

become an industry leader in the Cannabis industry. The target market for OrgHarvest comprises of retail stores, processors, and

the 45 million tourists that visit Las Vegas and Reno/Lake Tahoe each year and adjacent producers interested in local businesses and farms that create products from the ground up.

Market

Recent research indicates that the Cannabis industry has been growing steadily and rapidly since the passage of laws allowing the distribution of Marijuana. According to Oakland based Marijuana Angel Investment Network, The ArcView Group (Executive Summary, 5th Edition), national legal sales for 2016 grew to \$6.7 billion from \$5 billion in 2015, fueled by explosive growth in adult use market sales. The growth continues a robust pattern that ArcView estimates will lead to a \$22.6 billion market in 2021 at a 27% compound annual growth rate.

In November 2016, a new set of regulations paved the way for a recreational Marijuana market in Nevada. The State of Nevada

began recreational sales on July 1, 2017, which is expected to register a compound annual growth rate of 42% over the next five years thus adding up to \$433 million in sales annually by 2021. The evolving legal environment combined with changing public attitudes are all factors contributing to a perfect storm to cultivate industry growth.
