

# Abudo's online course on HIV aims to bid stigma a farewell

*Abudo recently launched its online HIV course on basic HIV education and disease management to help improve lives of HIV positive patients.*

PALO ALTO, CALIFORNIA, UNITED STATES, March 12, 2018

/EINPresswire.com/ -- In “November 2017”, [Abudo](#) successfully debuted its first online course on HIV and AIDS with the end goal to create awareness about the disease progression and management; targeting patients, their friends, family and coworkers. This online course on HIV, providing easy and structured disease education to patients, friends and family members is the first of its kind initiative.

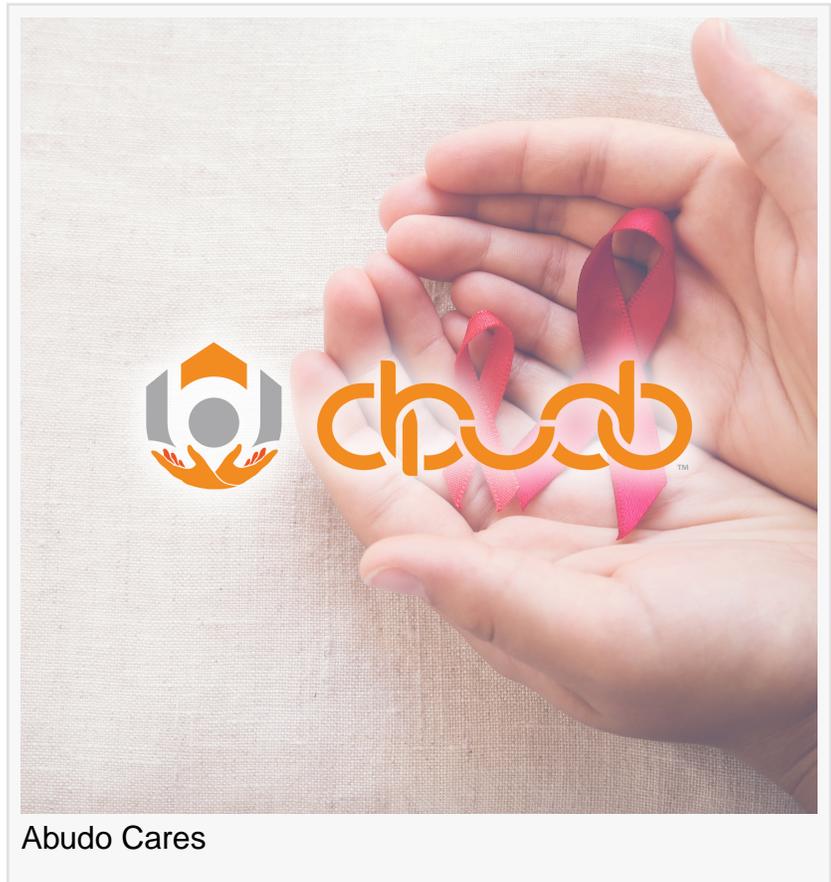

“Talking about HIV and AIDS does not have to be a stigma anymore. We at Abudo, care just as much about HIV positive patients as any other individual” claims Abudo’s CEO Tariq Khurshid. He further emphasizes that “Abudo is an authentic and well-researched content provider on HIV and is one of the best platforms to address the need to talk about this stigmatized disease”

With over 70k online health success education disseminators, Abudo’s vision reflects gaining a competitive edge by providing 100% unbiased and impartial education about HIV. Abudo talks about this tabooed subject and emphasizes on debunking common misconceptions, myths and stigmas associated with HIV. With the first phase absolutely free, Abudo offers subsidized subscriptions for interested individuals. This [HIV course](#) is online and available 24/7. Patients and relatives can simply sign up for a course and access it from their desktop or mobile any anywhere, at any time with absolutely no age, gender or accessibility restriction.

This one of its kind initiative by Abudo offers value adding guidelines and checklists to improve quality of life all while endeavoring to help patients and caregivers manage stress, improve lifestyle and lead a healthy life. This course is a complete informative instruction manual as well as a certified HIV awareness disseminator which provides value for money by giving out all the benefits for just \$15.
