

Patti Intorant of Hypnosis Phenomenon to be Featured on CUTV News Radio

BETHESDA, MARYLAND, UNITED STATES, March 13, 2018

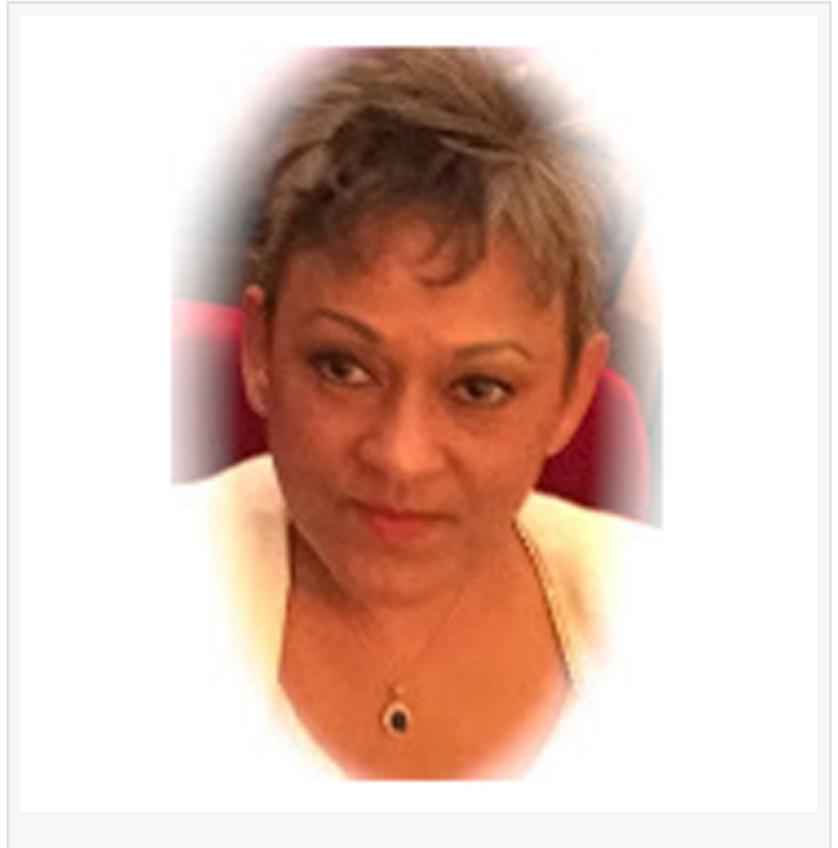

[/EINPresswire.com/](http://EINPresswire.com/) -- As soon as Patti Intorant begins to speak you will notice a delicious purr reminiscent of Eartha Kitt playing the role of cat-woman. While Patti admits her rich, hypnotic voice is certainly an asset in her practice, it is the technique she uses, known as Quantum Healing Hypnosis Technique (QHHT) that really makes things happen for people. Patti knows this firsthand, because she once suffered from liver problems and a rare autoimmune disease, and this powerful type of hypnotic regression helped her discover the key. Once she moved from that dark place, Patti was determined to use all her special gifts, and pay it forward.

QHHT is a category of hypnosis via which people go into a very deep level of consciousness, during which they can regress, and learn about the root cause of their issues and illnesses. They get answers from the source of knowledge that already lies within them. They learn to make a connection to their higher self (the higher self always has our best interest in mind) and to receive healing. Once discovered, the person is more aligned with that part of the self, and miraculous self-healing outcomes come about. The person learns to live life in peace, joy and harmony.

Patti studied QHHT with Dolores Cannon, a noted lecturer and psychic researcher, who was a pioneer in the modality. The late Cannon hand-selected Patti, and taught practitioners like her how to tap into their gifts, attune to special vibrations, receive the knowledge, and also to use it with compassion and unconditional love.

Patti also employs another modality to help others, and it is known as Soul Coaching. After receiving information from the original life force energy of the frequency signal, she translates it to clients, and encourages them to acquire self-love, acceptance, awareness, and forgiveness. Patti is very intuitive and has a knack for channeling the messages. She nurtures people to set their soul free, removes different blockages (mostly from fear), and enables each individual to feel lightness and positivity, and thrive. Many testimonials of this outcome can be read on her website.

These two processes require a big shift in the belief system—from a conscious, thinking mind to a

wise and loving heart. Patti is very passionate about her healing modalities and the way she can help clients to let go, be freer, accept knowledge and love, and transform their lives at the soul level.

“My goal is to assist Mother Earth in raising her vibration and we help her in turn, making it all lighter and easier. This way, everybody wins.”

Tune in to learn more about Patti’s unique intuition, training in QHHT, and the way she brings an enhanced quality of life to people. You can also listen to a lovely guided meditation for free, when you visit one section of her website. You can also view her QHHT work on YouTube “Past Life and Life Between Life through a QHHT Session.”

CUTV News will feature Patti Intoranat in an interview with Jim Masters on Thursday, March 15 at 1:00pm EST.
