

Hear From Boehringer-Ingelheim and Janssen at SMI's 6th annual conference Pharmaceutical Freeze Drying Technology

LONDON, UNITED KINGDOM, March 20, 2018 /EINPresswire.com/ -- SMI Group are delighted to announce the 6th annual Pharmaceutical Freeze Drying Technology conference, being held this June 2018! Read on for a massive £400 off.

Optimising Pharmaceutical Technology Through Innovations & Novel Approaches In Freeze Drying

Day 1 Opening Keynote Address - 'Freeze Drying of Biologics' - Day 1 | @09:10

The opening keynote presentation on day 1 will be presented to you by Patrick Garidel, Bioprocess and Pharmaceutical Development Biologics, Boehringer-Ingelheim

Below is a summary of their presentation:

- Biologics in the dry state: what to consider?
- Formulation principles for freeze-dried products
- Process development of freeze-dried products
- Primary packaging for freeze-dried products
- Analytics for the characterisation of lyophilizates

Day 2 Opening Keynote Address - 'QbD in Spray Drying vs Lyophilisation' - Day 2 | @09:10

The opening keynote presentation on day 2 will be presented to you by Sune Klint Andersen, Principal Scientist Spray Drying, Janssen

Below is a summary of their presentation:

- Quality-by-Design strategies for drying processes
- Typical sources of variation for lyophilization and spray drying processes
- Timing for initiating QbD for drying processes
- Applying PAT in drying process QbD

- Conditions/Environment when spray drying

Featured [Highlights](#) - June 2018:

- Discuss the use of old and new methods in terms of the optimisation of freeze drying cycles
- Learn about case studies which delve into the processes through which cycles can be refined to the utmost efficiency
- Hear about a new PAT for freeze drying cycle development through vial impedance spectroscopy
- Discover ways in which water activity measurement and mathematical modelling can be used to evaluate the stability of freeze dried vaccines
- Evaluate quality-by-design strategies, applied to spray drying, versus lyophilisation

PLUS: Don't forget to check out the two-post conference interactive workshops taking place on 12th June.

For those looking to attend there is currently a massive [early-bird](#) saving of £400, ending March 29th

Further information and the complete brochure is available at: www.pharmafreezedrying.com/ein

SMi presents the 6th annual conference:

Pharmaceutical Freeze Drying Technology

Date: 13th – 14th June 2018

Workshops: 12th June 2018

Location: Holiday Inn Kensington Forum, London UK

Website: www.pharmafreezedrying.com/ein

---end---

About SMi Group:

Established since 1993, the SMi Group is a global event-production company that specializes in Business-to-Business Conferences, Workshops, Masterclasses and online Communities. We create and deliver events in the Defence, Security, Energy, Utilities, Finance and Pharmaceutical industries. We pride ourselves on having access to the world's most forward-thinking opinion leaders and visionaries, allowing us to bring our communities together to Learn, Engage, Share and Network. More information can be found at <http://www.smi-online.co.uk>
