

Comfort Keepers of Springfield PA Celebrates Company's 20th Anniversary

For 2 Decades This Local Pennsylvania In-Home Care Provider has Defined the Goals of Family Style Care and Support to its Clients

SPRINGFIELD, PENNSYLVANIA, UNITED STATES, April 6, 2018 /EINPresswire.com/ -- Comfort Keepers, an in-home care service provider, is celebrating its 20th anniversary. The company was originally founded in 1998 when Kris Clum, a registered nurse who was working in home health care, discovered first-hand the need for in-home caregivers. She realized that some people require help other than their basic medical needs, such as help with groceries or bathing.

Clum knew she could provide a solution and created Comfort Keepers.

Comfort Keepers provides non-medical, in-home care services to thousands of individuals across more than 700 franchised offices worldwide. The Comfort Keepers franchise network comprises many caring individuals who are committed to providing care solutions that enable seniors and disabled adults to live happily, safely, and independently at home. Comfort Keepers of Springfield is no different.
