Vital Things to Avoid When It Comes to Hiring an Attorney to Assist a Person in West Virginia With Mesothelioma from the West Virginia Mesothelioma Victims Center:

- \* There is no such thing as a federally sponsored mesothelioma claims center or a Veterans claim center sponsored by the US Navy. Deceptive ads such as this are typically sponsored by mesothelioma middleman law firms who broker-out people with mesothelioma to other law firms.
- \* The going rate for a very skilled mesothelioma attorney's legal fees to represent a diagnosed person in West Virginia with mesothelioma is 33.3% of the gross settlement

amount----not 40%.

\* If the specific lawyer a family in West Virginia is talking to does not have actual references that confirm he/she was directly responsible for a million dollar plus mesothelioma compensation settlement for an energy worker or Navy Veteran within the last 12 months-please call us at 800-714-0303 for direct access to some of the nation's top mesothelioma attorneys who have these types of references.

\* To obtain the very best possible financial compensation a diagnosed person in West Virginia may need an actual lawsuit or trial to get the best possible financial compensation. "Taking the lawsuit or trial option off the table for a diagnosed person such as a Navy Veteran, energy worker or anyone in West Virginia is incredibly foolish because a court trial verdict may produce the largest potential compensation as we would like to explain anytime at 800-714-0303."
