

# Mississippi Mesothelioma Victims Center Now Urges Oil Field Roughneck with Mesothelioma to Call for On-The-Spot Access to The Nation's Top Lawyers Who Produce the Best Financial Compensation Results

NEW YORK, NEW YORK, USA, June 12, 2018 /EINPresswire.com/ -- The Mississippi Mesothelioma Victims Center is appealing to an offshore oil or gas rig worker, or a oil field worker who has recently been diagnosed with mesothelioma to call anytime at 800-714-0303 for on-the-spot access to the nation's top mesothelioma lawyers who consistently get the best possible financial compensation results for their clients on a nationwide basis. The group worries that if an oil field worker, offshore oil rig worker, or an oil refinery worker with mesothelioma acts impulsively when it comes to hiring a lawyer to assist with their compensation, the mistake could cost them hundreds of thousands of dollars or more as the group would like to discuss anytime. <http://Mississippi.MesotheliomaVictimsCenter.Com>

The Mississippi Mesothelioma Victims Center is extremely focused on assisting offshore oil or gas rig workers with mesothelioma who had the following types jobs on the rig:

- \* Maintenance Engineer
- \* Roustabout

\* Driller

\* Motorman

\* Floor-hand

\* Welder

\* Electrician

\* Engine Room

\* Mechanic

According to the Mississippi Mesothelioma Victims Center, "Because an offshore oil/gas field or oil field worker was probably exposed to asbestos in numerous states, financial compensation could exceed one million dollars provided they have one of the nation's most skilled legal teams representing them. As we would like to discuss anytime at 800-714-0303 the last thing we want to see happen to any type of oil and gas worker with mesothelioma is for them to get shortchanged on financial compensation because they or their family hired a JV or third string law firm in terms of capabilities to get their client the best possible financial compensation.

"Please do not play 'attorney roulette' when it comes to a mesothelioma compensation claim. This is especially true for potential high-dollar mesothelioma compensation claims like those for an offshore oil/gas platform, an oil production field or an oil refinery worker dealing with this rare asbestos cancer."

For the best possible mesothelioma treatment options in Mississippi the Mississippi Mesothelioma Victims Center strongly recommends the following health care facility with the offer to help a diagnosed victim, or their family get to the right physicians at this hospital: University of Mississippi Medical Center Jackson, Mississippi: <https://www.umc.edu/cancerinstitute/> or the MD Anderson Cancer Clinic Houston, Texas. Note the MD Anderson Cancer Clinic might be one of the best places in the world to be treated for mesothelioma.

High-risk work groups for exposure to asbestos in Mississippi include Veterans of the US Navy, power plant workers, shipyard workers, oil refinery workers, factory workers mill workers, plumbers, electricians, welders, auto mechanics, machinists, and construction workers. Typically, the exposure to asbestos occurred in the 1950's, 1960's, 1970's, or 1980's. Asbestos was widely used in oil refineries, in the oil production industry or in building construction in Mississippi during these time frames as the Center would like to explain anytime at 800-724-0303.
