

# Analytics 4 Life Selects Massey Consulting as Technology Partner in ERP Implementation

*Digital health leader, Analytics 4 Life, selects Massey Consulting as its technology partner to successfully implement a cloud-based ERP software.*

RALEIGH, NC, NC, UNITED STATES, June 21, 2018 /EINPresswire.com/ -- Massey Consulting, a leading accounting software technology firm announced that they have been selected by digital health leader, Analytics 4 Life, to successfully implement cloud-based accounting software, Sage Intacct.

Analytics 4 Life is dedicated to transforming healthcare with a proprietary method of cardiac imaging that employs artificial intelligence, cloud computing, and digital technologies. Analytics 4 Life is headquartered in Toronto with an office in Research Triangle Park, NC.

A change in the company's financial accounting system was necessitated by their rapidly changing business needs. With its multiple locations and fast-paced growth, Analytics 4 Life was pushing the limits of its on-premise accounting system.

"Our recent announcement of expanding our clinical program to China made it very apparent that we needed an accounting solution that could easily scale with our growing business," said Nicholas Leb, Vice President and CFO of Analytics 4 Life. "Analytics 4 Life requires robust reporting, multi-currency and multi-entity capabilities, and the ability to consolidate all financials, all of which Sage Intacct provides."

Massey Consulting will work with Analytics 4 Life from the discovery process through the implementation of Sage Intacct to transition its financial accounting and reporting system to the cloud. "Analytics 4 Life will greatly benefit from its move to a cloud-based solution," explained Philip Massey, CPA and President of Massey Consulting. "An automated, customizable financial management system like Sage Intacct will give Analytics 4 Life the flexible reporting capabilities it needs."
